1. View the [How to Prepare STEM Posters](#) recorded webinar!
2. **SIZE:** Entire poster should be no larger than 4 feet wide by 4 feet high.
3. **DISPLAY:** You must print your poster to size prior to your arrival at the conference. All posters will be affixed to and displayed on a vertical surface. Thumbtacks will be supplied to secure your poster to the surface. **TITLE:** Title of Poster (30-word limit): The title should clearly identify the contents of the poster.
4. **AUTHORS and AFFILIATIONS:** List each author separately. Presenting author should be listed in all caps. Do NOT include titles or degrees. Faculty mentors should appear last with an 'and' prior to their name. Do not include street addresses.
5. **CONTENT:** Posters must cover the same material as the abstracts.
 - Authors have complete freedom to display poster information in figures, tables, text, photographs, etc.
