Eaton Corporation's iConnect and STEM Employee Resource Groups, will be hosting a Technical Poster Session and Open House on Friday, November 2<sup>nd</sup>, 2018 at our Innovation Center. This is an opportunity for underrepresented minority students in STEM to showcase their scholarly work and talents, practice their presentation skills, and connect with corporate representatives in an intimate setting.

Why should I participate? – Meet and learn from the experiences of Industry experts working in STEM fields, compete for cool tech prizes benefits, behind the scenes tours of the labs.

Dress Code – Business Professional Attire

Example tech prizes include: 3D printers, Virtual Reality Goggles, Google Home, Career Opportunities, etc.
